Unified Communications as a Service (UCaaS)

Food Importer

The challenge

A food importer head-quartered on the east coast of the U.S. with multiple offices, including the west coast, needed to upgrade their telephone system.

What we did

navitend introduced them to a unified services as a communications (UCaaS) platform.

The result

Today this company operates multiple offices across the country and enjoys extension-dialing and unified communications. Now their employees can easily find, connect and communicate with each other in real time using presence, instant messaging and voice. With these internet-based tools the users enjoy the same experience from the desktop to mobile keeping work moving effortlessly.

Talk to a person, not a ticket

Tell us what's going on. We'll listen, ask good questions, and give you a straight answer about whether we can help.
