Medical Startup

The challenge

An innovative medical startup required additional skills and guidance regarding their new product offerings. These offerings include cloud-hosted websites, in-office touchscreen kiosks and mobile applications.

What we did

navitend's team worked with the startup's staff and their other vendors to provide guidance, programming and hosting support to meet their many deadlines.

The result

The startup continues to grow into additional markets with new client and project demands. navitend continues to offer consultancy and support services to this team.

Talk to a person, not a ticket

Tell us what's going on. We'll listen, ask good questions, and give you a straight answer about whether we can help.
