

## LOCAL GOVERNMENT & PUBLIC SAFETY

# Local community website

Municipal Website

### The challenge

There are a few large players in the municipal website business who provide somewhat canned and predictable experiences. A municipality client wanted to have a unique experience for their website.

### What we did

navitend worked with town representatives to design and create a unique web experience that reflected the interests and priorities of the township.

### The result

Today residents and businesses in Byram Township enjoy the township's website for news and important information.
