

NONPROFITS

New office technology review and relocation

Non-Profit Pregnancy Center

The challenge

A long-term navitend client had the opportunity to relocate their offices to bring their services to a new community.

What we did

navitend planned and executed the technology related tasks required for the move including:

Wiring infrastructure

Secure Wireless

Data

Voice

The result

Life-preserving services and Hope are now dispensed in a corner of the community in desperate need of both.

Talk to a person, not a ticket

Tell us what's going on. We'll listen, ask good questions, and give you a straight answer about whether we can help.
