Website upgrade

SFG Advisors

The challenge

SFG Advisors' website was showing its age in both look and functionality.

What we did

navitend worked with the SFG team to identify key areas of improvement including the objective of making the website "mobile friendly" and the selective use of video content.

The result

navitend created a responsive (i.e. mobile friendly) website for SFG based on their historical content and focus areas. All site content is managed by SFG staff on a day to day basis.

Talk to a person, not a ticket

Tell us what's going on. We'll listen, ask good questions, and give you a straight answer about whether we can help.
